[Primary Biliary Cholangitis: New Treatment Goals and Novel Salvage Therapy](#)

Dauris Rosario Lora, MD
Zoe Post, MD
Nancy S. Reau, MD

"Primary biliary cholangitis (PBC) is a chronic, autoimmune disease characterized by an inflammatory T-cell mediated destruction against biliary epithelial cells. Studies have pointed to a combination of genetic risk factors and environmental triggers, as part of the etiology of PBC.^{1,2 ...}" [READ MORE](#)

[International Women's Day 2023 - #EmbraceEquity Women in Leadership Roles](#)

Lubna Kamani, MD,
Alizeh Arshad

"Gender disparity in research and academia also remains. Women are not only more often deprived of major funding, but they are also less likely to attain editorship and authorship of eminent journals. The question arises: how can we overcome these barriers in order to enact change? And how can we achieve leadership and academic advancement for women?...." [READ MORE](#)

[Message from WDHD 2023 Co-Chairs](#)

**Christina Surawicz, MD
Carol Semrad, MD**

"World Digestive Health Day is celebrated each year on May 29th with associated events, activities, and initiatives continuing throughout and beyond the campaign year. Through a multi-faceted campaign, WGO will provide simple messages for the general public in order to assist them in understanding the important role of diet ..." [READ MORE](#)

[WGO Rabat Training Center Celebrates Its 20th Anniversary](#)

Naima Lahbabi - Amrani, MD

"The Training Center of the World Gastroenterology Organisation in Rabat (WGO-RTC) has just celebrated its 20th anniversary as well as the 20th International Post-Graduate Course...." [READ MORE](#)
