

## Proefschriftsponsoring 2015

Naam	Titel	Promotiedatum
<b>M. van Leeuwen</b>	<i>Regulation of T-cell Responses in the Inflamed Intestine</i>	07.01.15
<b>M. van der Have</b>	<i>The burden of inflammatory bowel disease from an individual and societal perspective</i>	08.01.15
<b>D.A.M. Sloothaak</b>	<i>Evolving concepts of staging and treatment of colorectal cancer</i>	21.01.15
<b>J. Stiekema</b>	<i>Oesophago gastric cancer: exploring the way to an individual approach</i>	22.01.15
<b>L.M.M. Costes</b>	<i>Neuromodulation of intestinal inflammation</i>	23.01.15
<b>C.H.M. Leenen</b>	<i>Diagnostic strategies for early Lynch syndrome detection</i>	28.01.15
<b>G. Goverse</b>	<i>Environmental control of the mucosal immune system</i>	05.02.15
<b>A. Kapidzic</b>	<i>Colorectal cancer screening by means of repeated faecal immunochemical testing (FIT)</i>	06.02.15
<b>E. van Nood</b>	<i>Fecal microbiota transplantation, clinical and experimental studies</i>	01.04.15
<b>M.H.F. Schreinemacher</b>	<i>Abdominal Wall Hernia Repair: Intraperitoneal Mesh and Adhesions</i>	10.04.15
<b>L. Daniels</b>	<i>Treatment, follow-up and microbiota in acute diverticulitis</i>	24.04.15

## Proefschriftsponsoring 2015

<b>C.A. van Loo-Bouwman</b>	<i>Vitamin A equivalency of beta-carotene in humans</i>	11.05.15
<b>J.A.C.M. Goos</b>	<i>Towards molecular imaging for personalized therapy of patients with colorectal cancer liver metastasis</i>	13.05.15
<b>N.V.J.A. Büller</b>	<i>Intestinal hedgehog signaling in tumors and inflammation</i>	22.05.15
<b>B.F. Kessing</b>	<i>Reflux, Belching, Rumination and their interrelationships</i>	28.05.15
<b>V.K. Dik</b>	<i>Prevention of colorectal cancer development and mortality: from epidemiology to endoscopy</i>	28.05.15
<b>F.P.R. Verbeek</b>	<i>Image-Guided Cancer Surgery; The value of near-infrared fluorescence imaging during oncologic and gastrointestinal procedures</i>	03.06.15
<b>K.W. Reisinger</b>	<i>Intestinal cell damage, inflammation and wound healing in major gastrointestinal surgery</i>	05.06.15
<b>R. Visschers</b>	<i>The treatment of enterocutaneous fistulas and their metabolic sequelae</i>	11.09.15
<b>M. Smits</b>	<i>Pediatric esophageal motility disorders, studies on (patho)physiology, diagnosis and management'</i>	11.06.15
<b>S.L. Gans</b>	<i>Acute abdominal pain, advances in diagnosis and management</i>	26.06.15
<b>S.L. Rosekrans</b>	<i>Homeostasis of the esophageal epithelium; A quest for the stem cell</i>	03.07.15
<b>J.M.T.M. Rutten</b>	<i>Functional abdominal pain disorders in children - Therapeutic strategies focusing on hypnotherapy</i>	11.09.15
<b>S. van Doorn</b>	<i>Monitoring and Improving Quality of Colonoscopy</i>	11.09.15
<b>D. Walter</b>	<i>Stents in the upper gastrointestinal tract: novel designs and indications</i>	17.09.15

## Proefschriftsponsoring 2015

<b>E. Olthof</b>	<i>Complications in home parenteral nutrition patients: from lock solutions to lipids</i>	21.09.15
<b>L. Haverkamp</b>	<i>Advances in Gastric and Gastro-Esophageal Junction Surgery for Cancer</i>	24.09.15
<b>L. Vogelaar</b>	<i>Exploring fatigue in inflammatory bowel disease patients, associated factors and management</i>	06.10.15
<b>M. van der Valk</b>	<i>Costs of inflammatory bowel disease in the Netherlands: the COIN study</i>	15.10.15
<b>S.A.W. Bouwense</b>	<i>Systematic mechanism-orientated approach to chronic pancreatitis pain</i>	30.10.15
<b>F.A. Mauritz</b>	<i>The effects and efficacy of antireflux surgery in children</i>	10.11.15
<b>J.S. Burgerhart</b>	<i>Effects of bariatric surgery on gastroesophageal motor function</i>	12.11.15
<b>N.J. Wierdsma</b>	<i>To keep a balance in disease specific intestinal insufficiency. Diagnostics and practical nutritional aspects</i>	12.11.15
<b>W.R. Cnossen</b>	<i>Novel genetic approaches in polycystic liver disease</i>	16.11.15
<b>A.Y. Thijssen</b>	<i>Clinical, psychosocial and therapeutic aspects of Irritable Bowel Syndrome. -Results of cohort studies and a probiotic interventional trial-</i>	19.11.15
<b>T.J. Weijs</b>	<i>Improving the outcomes of esophagectomy: anatomic, surgical and postoperative aspects</i>	19.11.15
<b>J.K. Wiggers</b>	<i>Tailored care in resectable Perihilar Cholangiocarcinoma</i>	20.11.15
<b>E. Hoekstra</b>	<i>Phosphatases in cancer; shifting the balance</i>	03.12.15
<b>A. Gerritsen</b>	<i>Nutrition &amp; Pancreatic Surgery</i>	04.12.15

## Proefschriftsponsoring 2015

<b>D.P. van Asseldonk</b>	<i>THIOPURINES - improving treatment of inflammatory bowel disease</i>	04.12.15
<b>T.J. Lam</b>	<i>Clinical approach to anorectal disorders</i>	11.12.15
<b>C.M.C. Le Clercq</b>	<i>QUEST for the BEST: Quality of colonoscopy and colorectal cancer diagnosis in clinical practice</i>	11.12.15
<b>J. Buijs</b>	<i>Autoimmune Pancreatitis - Novel insights on Diagnosis, Treatment and Outcome</i>	16.12.15
<b>J.F. Brandse</b>	<i>Optimizing anti-TNF therapy in inflammatory bowel disease</i>	17.12.15
<b>M.H.M. Derikx</b>	<i>Genetic aspects of chronic pancreatitis. From autosomal dominant disease to modifying genetic factors</i>	21.12.15
<b>W.K. Utomo</b>	<i>Combating (pre)malignant pancreatic disease: high time for molecular markers</i>	22.12.15
<b>Z. Mujagic</b>	<i>Irritable Bowel Syndrome: Pathophysiology, Symptoms and Biomarkers</i>	21.12.15
