

Proefschriftsponsoring 2017

Naam	Titel	Promotiedatum
S.J. Lekkerkerker	<i>Improvement of diagnosis and treatment of pancreatic diseases</i>	11.01.17
L. Derikx	<i>Solid intra- and extra-intestinal malignancies in inflammatory bowel disease</i>	17.01.17
C. Kestens	<i>Early detection and pathogenesis during the progression of Barrett's esophagus to esophageal adenocarcinoma</i>	19.01.17
J.E.G. IJspeert	<i>"Serrated polyps-carcinogenesis and clinical implications"</i>	27.01.17
K. Parry	<i>Adenocarcinoma of the gastro-esophageal junction: challenges in staging and treatment</i>	02.02.17
M.A.R. Vermeulen	<i>Nutrition and amino acid metabolism in critically ill patients</i>	03.02.17
M. Paauwe	<i>Targeting stromal interactions in the pro-metastatic tumor microenvironment - Endoglin & TGF-β as (un)usual suspects</i>	09.02.17
T.D.G. Belderbos	<i>Endoscopic detection and treatment of colorectal polyps</i>	09.03.17
B. Salden	<i>Nutritional interventions focusing on gastrointestinal and metabolic health</i>	17.03.17
I.M. Mulder	<i>New approaches to the surgical treatment of intra-abdominal infection</i>	29.03.17
Y. Issa	<i>Chronic pancreatitis: novel concepts in diagnostics and treatment</i>	31.03.17

Proefschriftsponsoring 2017

A. Bosmans	<i>Colorectal anastomotic leakage; a call for a different approach</i>	31.03.17
B.E. Schaafsma	<i>Near-infrared image guidance in cancer surgery</i>	19.04.17
M.P.M. Adriaanse	<i>Progress toward less invasive diagnosis and better recognition of disease activity and complications of celiac disease</i>	21.04.17
Y. Basta	<i>A blueprint for multidisciplinary fast track gastrointestinal oncology area</i>	28.04.17
S. van Olphen	<i>Advances in Barrett's esophagus surveillance and improved prediction of prognosis and therapy response in patients with esophageal adenocarcinoma</i>	24.05.17
E.J. de Groof	<i>Surgery and medical therapy in Crohn's disease, improving treatment strategies</i>	02.06.17
S. Sahami	<i>New concept in ulcerative colitis: a thin line between medicine and surgery</i>	02.06.17
A. Swager	<i>Volumetric laser endomicroscopy for the detection of early Barrett's neoplasia</i>	02.06.17
S. Brinkmann	<i>Current and advanced knowledge on ADMA and the glutamine-citrulline-arginine-pathway in surgery and critical illness"</i>	08.06.17
S. Rombouts	<i>Advances in locally advanced pancreatic cancer treatment</i>	08.06.17
M. Severs	<i>Societal and economic aspects of inflammatory bowel disease</i>	08.06.17
P. Nijeboer	<i>The spectrum of gluten related diseases - diagnosis, epidemiology and treatment</i>	21.06.17
R. van Golen	<i>A treatment rationale for surgery-induced liver injury</i>	28.06.17
F. Berden	<i>Hepatitis C: Generalization of Trials to Clinical Practice</i>	30.06.17

Proefschriftsponsoring 2017

M. Reiniers	<i>Visualizing and targeting oxidative stress in hepatic ischemia-reperfusion injury</i>	05.07.17
F. Kallenberg	<i>Hereditary & Familial Colorectal Cancer - identification, characteristics, surveillance</i>	08.09.17
D. Schölvinck	<i>Advances in approach and therapy for early esophageal neoplasia</i>	27.09.17
S. Nell	<i>Surgical strategies in MEN1 related pancreatic neuroendocrine tumors</i>	29.09.17
K. van der Beek	<i>The gut in control of health and disease: Unraveling the role of short-chain fatty acids in human metabolism"</i>	04.10.17
R.R.M. Vogels	<i>Biocompatibility of new and existing biomaterials for abdominal wall surgery</i>	06.10.17
T. Herregods	<i>Towards better understanding of symptoms associated with disordered esophageal function</i>	10.10.17
Q. Tummers	<i>Fluorescence-guided cancer surgery</i>	11.10.17
M. Bröker	<i>SOLID BENIGN LIVER TUMOURS Biological behaviour and management</i>	01.11.17
W.A.A. Borstlap	<i>Optimisation of surgical care for rectal cancer</i>	03.11.17
Y.H. van Beurden	<i>The Intestinal microbiota disrupted & restored - On Clostridium difficile infection and Fecal donation</i>	
P. Koehestanie	<i>Clinical evaluation of the endoscopic duodenal-jejunal Bypass liner for the management of type 2 diabetes and obesity</i>	12.12.17
L. Rigter	<i>Pathogenesis and prevention of gastrointestinal neoplasia in Hodgkin lymphoma survivors</i>	13.12.17
B. Verhaegh	<i>Epidemiology of microscopic colitis. Exploring leads for pathophysiological mechanisms</i>	dec. 2017

Proefschriftsponsoring 2017

T.R.A. van den Heuvel	<i>The epidemiology of inflammatory bowel disease in South Limburg</i>	18.12.17
J.L.A. van Vugt	<i>Impact of low skeletal muscle mass in abdominal surgery</i>	20.12.17
