Search. Implement. Benefit

Check out our [repository](#) of European-based clinical practice guidelines, clinical standards, consensus, position papers and standard protocols in the field of digestive health. All are available now on our new website with improved functionalities and design.

There you can also find the latest guideline developed together with UEG: [European Guideline on IgG4-related digestive disease – UEG and SGF evidence-based recommendations](#)

Get evidence-based recommendations for the diagnosis and management of immunoglobulin G4 (IgG4)-related digestive disease in adults and children!

More guidelines are in the pipeline and will be published in UEG Journal soon!

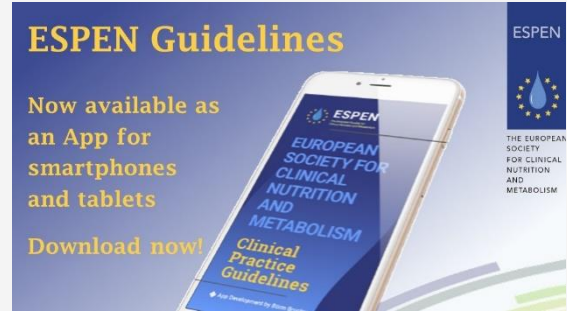

[Check it out](#)

Mark your calendars now for the guidelines webinar on Achalasia

Watch out for the first edition of a series of guidelines webinars, starting with the [European Guideline on Achalasia](#) September 17, 2020! The guideline authors will present the main recommendations of the guideline and participants have the opportunity to ask questions.

Watch out

Download the new ESPEN Guidelines App

The European Society for Clinical Nutrition and Metabolism launched its guideline on clinical nutrition in inflammatory bowel disease (IBD) as an app version with the support of UEG. The app is available for iOS and Android. A web-based version will also become available soon.
