## **We want your latest and most exciting scientific data**

Currently finalising your research with up-to-date results? Step onto our global stage and let your science speak for itself!

UEG Week Virtual is the platform for you to share your science with the worldwide GI community. Late-breaking abstract submission for UEG Week Virtual 2021 is open from July 26 – August 23, 2021!

## Enjoy world class science via our virtual congress platform

The UEG Week Virtual 2021 scientific programme is featured across many virtual lecture halls as well as in our Vienna-based live TV Studio. Each location hosts scientific highlights in interactive ways. In every session, delegates have the opportunity to interact in real-time via our Q&A tool.

Browse the top-notch programme including all accepted abstract titles and find not to be missed session highlights such as the **Opening session** when experts will give insight on "NAFLD – from basic mechanisms to new therapies", discuss endoscopic strategies targeting metabolic disorders and deliver perspectives on immunity and GI disorders with a tandem talk covering "From T-cells to nutritional advice".
