**ABSTRACT**

**There is still time to submit your abstract!**

Our **April 30, 2021** deadline for abstract submission to UEG Week Virtual is approaching!

Don't waste another minute – submit your abstract today! It's completely free, and benefits include vital recognition, long-term visibility, and prizes.

Step onto our global stage and let your science speak for itself. We and the tens of thousands within our community are eagerly waiting.

[Find out more & submit](#)

## Why is abstract writing important?

- pursue an **academic career**
  - “publish or perish”
  - full paper = ultimate goal
- get **feedback** from your peers
  - writing your paper
  - planning future research

## Get your abstract ready for UEG Week Virtual!

Still working on your abstract? That's okay, we are here to help!

**UEG Rising Star** 2020, Roos Pouw and Louis Vermeulen explain what to consider when writing an abstract in this recording from our recent Virtual Mentoring event, "How to get your abstract ready for UEG Week".

### As a reminder, here are the benefits

If your abstract is selected, you will receive recognition for your hard work and great visibility. You can share your research with a large international audience and your

### Additional tips & advice

Feel that further guidance would be beneficial to your abstract submission process?

We gladly provide the additional resource of UEG Journal article, [Young GI angle: how to](#)

abstract will also be published in the [UEG Library](#) and [UEG Journal](#).

This is an opportunity to engage in scientific exchange. You will get very useful feedback and you may qualify for the [UEG National Scholarship Awards](#) or the [UEG Best Abstract Prizes](#) which would lead to being highlighted in the [UEG Week Virtual 2021](#) programme as well as free registration for the congress.

More benefits
