**Good news travels fast:  
Our PGT has returned to its renowned 3-year curriculum!**

From **October 22 – 23, 2021** our **PGT Virtual Programme** will provide two days of **excellent Continuing Medical Education for all ages and career stages!** Delegates can start our 3-year curriculum at any year of the cycle and will receive a certificate once they have completed all three years. 2021 is year 1 of the curriculum!

Watch the video above to hear from both PGT Task Force chair, Marianna Arvanitakis and Scientific Committee member, Carolina Ciacci on why you should make joining PGT Virtual 2021 your top priority.

Don't want to miss out on any of the action? We don't blame you! **Catch all the innovation, networking, and science by utilising our new combined rate to join both PGT and UEG Week Virtual (October 3 – 5) live!**

Seeking solutions? Look no further.

In order to stay on top of your game, you have to stay on top of your field of expertise. The content of PGT Virtual 2021 is **problem based and solution focused**. This allows you the opportunity to see others having the same issues which you deal with in your daily work and learn how to arrive at the solution.

To programme

Our curriculum is back & better – here's what that means for you.

UEG's Postgraduate Teaching Task Force has worked intensively to ensure that **all topics which are relevant for gastroenterologists in the clinical day to day business have been included**. Our curriculum is also based on the recommendations of the [ESBGH Curriculum \(The Blue Book\)](#).

Curriculum

PGT Virtual is a **hot educational attraction** for anyone (at any level) who is a **clinician in gastroenterology to get credible updates**. Updates such as: what's the state of the art treatment in certain areas, what procedures have changed, what have remained the same, and much more. October is just around the corner and we cannot wait to both see and interact with you in real-time very soon!
