

## We're in the UEG Week home stretch, myUEG Community!

We can't wait to soon welcome you to UEG Week 2023 both in-person in Copenhagen and online via our innovative virtual platform!

Curious how you can best prepare? We make it so easy!

To best **benefit from your time in Copenhagen this October 14 – 17**, we implore you to plan your perfect UEG Week by utilising our optimised [online programme](#). Looking for tips? [Watch our brief video](#), and get excited to experience it all live. (Really, we're only days away.) Happy scientific exploring!

## Another essential component of making the most of UEG Week? Diving headfirst into our hands-on programme!

Improve your hands-on skills with excellent training for practical-minded gastroenterologists! Join us in our 3 dynamic, enhanced UEG Week 2023 [Hands-on Learning Areas](#) in Copenhagen. We have an Endoscopy Learning Area, Surgical Learning Area, and Ultrasound Learning Area.

Our [Endoscopy Learning Area](#) offers best teaching for endoscopists! It provides a unique opportunity for skill enhancement, first-class learning, and professional discourse at no additional costs. **Important: Mark your calendars! For the first time, slots are only available via pre-registration.** Pre-registration for Saturday – Monday programme will open on **October 9 at 10:00 CEST** via a link on this website. (Pre-registration is first-come, first-served. Closes Thursday, October 12, 2023 at 23:59 CEST.)

Did you know that this year's concept for our [Surgical Learning Area](#) is completely new? That's right, our revamped learning area is designed for all gastroenterologists and specifically focuses on what gastroenterologists can learn from surgeons rather than just surgical techniques. We're offering an **Endoanal ultrasound course** (Sunday, October 15, 2023) and a multidisciplinary workshop, **"What gastroenterologists need to tell the surgeons. A helpful insight in surgical reasoning."** (Monday, October 16, 2023). Onsite registration only on a first come first served basis.

Our prestigious [Ultrasound Learning Area](#) promotes the role of a major diagnostic and interventional tool in gastroenterology: Clinical ultrasonography in the hands of the gastroenterologist. We offer basic and postgraduate courses

on ultrasonography, individual hands-on training and special lectures in abdominal ultrasonography at no extra costs. No online pre-registration is required, participation is based on a first-come, first-served basis onsite. Onsite registration is located at the welcome desks of the respective Learning Areas. Thank you to our collaborators: [ESGE](#), [ESGENA](#), [ESSAT](#), [EAES](#), [EDS](#), [EFISDS](#), [ESCP](#), [EFSUMB](#) and [BICUS](#) for their excellent cooperation in running the Learning Areas.

Improve your hands-on skills

ueg week<sup>+</sup>

Recorded-only sessions.  
Perspectives that go beyond the surface.

#### Introducing: UEG Week+

Enhance your knowledge in a unique way with UEG Week+. These recorded-only sessions move beyond the traditional presentations at UEG Week and instead prioritise discourse and debate. Hit "play" and watch as experts untangle nuances of the challenges currently faced in the field of gastroenterology.

#### Introducing: Our Poster Rallye

Discover something new at UEG Week 2023 with our Poster Rallye! Immerse yourself in captivating scientific posters on our virtual platform and challenge your expertise for a chance to win fantastic prizes like registration for UEG Week 2024, PGT 2024 registration, or a place in the "Emergency Training in Endoscopy" course.
