

UNITED EUROPEAN  
GASTROENTEROLOGY

# ueg week

This UEG Week, we are truly bringing you the best, most recent scientific developments in the field

This is thanks largely in part to **our incredible 2023 awardees** who we are thrilled to congratulate and introduce to you. Read on to discover our impeccable lineup of awardees across the board, including Lifetime Achievement Award, Top Abstract Prize, Research Prize, and more!

To best **benefit from your time in Copenhagen this October 14 – 17**, we implore you to plan your perfect UEG Week by utilising our optimised [online programme](#). Looking for tips? [Watch our brief video!](#) Added bonus: Abstract titles and sessions are also now in our online programme! Happy scientific exploring.

Plan perfectly

## Our Lifetime Achievement Awardee 2023 is Jan Tack!

Professor Jan Tack is currently Chief of the Gastroenterology and Hepatology Division at Leuven University Hospitals (Belgium) and a Professor in Internal Medicine. In 2009, he was the driving force behind the creation of TARGID, the Translational Research Center for Gastrointestinal Disorders at Leuven University, which evolved to one of the leading gastroenterology research centers in the world.

Join us for the award ceremony on October 15, 2023 (13:30 – 15:00 CEST) on the occasion of UEG Week Copenhagen. [Learn more via our UEG Week online programme.](#)

## Allow us to introduce our 5 awardees with the top UEG Week abstract submissions of 2023

A huge congratulations to our distinguished UEG Week Top Abstract Prize Awardees 2023:

- Johan Hardvik Akerström: ANTIREFLUX SURGERY VERSUS ANTIREFLUX MEDICATION AND RISK OF ESOPHAGEAL ADENOCARCINOMA IN PATIENTS WITH BARRETT'S ESOPHAGUS
- Paul Lopatta: ONCOGENIC GNAS AND KRAS SIGNALING COLLECTIVELY DRIVE DYSPLASIA IN AN IPSC-DERIVED ORGANOID MODEL FOR CYSTIC PANCREATIC NEOPLASIA
- Bruce Sands: TWO-YEAR EFFICACY AND SAFETY OF MIRIKIZUMAB FOLLOWING 104 WEEKS OF CONTINUOUS TREATMENT: INTERIM RESULTS FROM THE LUCENT-3 OPEN-LABEL EXTENSION STUDY
- Jörn Schattenberg: A RANDOMIZED CONTROLLED PHASE 3 TRIAL OF RESMETIROM IN NONALCOHOLIC STEATOHEPATITIS: 52-WEEK DATA FROM MAESTRO-NASH
- Pieter Sinonquel: CLINICAL VALIDATION OF A COMPUTER-AIDED DETECTION MODEL FOR COLORECTAL POLYP - DETECTION (CAD-ARTIPOD) USING A SECOND OBSERVER AND REAL-TIME UNBLINDING

Discover additional information about our Top Abstract Prize and the details surrounding our awardees' sessions via our website. Then be sure to join the

ceremony live during our Opening Plenary Session on Sunday, October 15 (13:30 – 15:00 CEST)!

### This year's awesome awardees:

Join us in celebrating the exceptional achievements of Michael Bretthauer, winner of the prestigious **UEG Research Prize 2023**! Michael Bretthauer is a renowned expert in gastrointestinal endoscopy, with a focus on colonoscopy and colorectal cancer. His groundbreaking research in clinical trials and clinical epidemiology has paved the way for advancements in gastroenterology. With over 300 scientific articles published and a H-index of 52, his contributions have left an incredible mark on the field. [Access further information.](#)

Congratulations to Dr. Angelo Armandi, the recipient of the **UEG Research Fellowship 2023**! Angelo will be joining the University Medical Center of Mainz, Germany, under the guidance of Jörn M. Schattenberg. Angelo focuses on liver fibrosis and non-invasive biomarkers for Non-Alcoholic Fatty Liver Disease (NAFLD) and will pursue his project, "Immune activation and the liver-spleen axis in Non-Alcoholic Steatohepatitis," over the next 12 months. [Find out more.](#)

Congratulations to our **UEG Journal Best Paper Awardee 2023**, Robert Hüneburg, first author of the winning article Real-time use of artificial intelligence (CADEYE) in colorectal cancer surveillance of patients with Lynch syndrome-A randomized controlled pilot trial (CADLY). [Learn more and read now.](#)

## Your #UEGWeek reminders

#myUEGcommunity, not sure how to [register for UEG Week 2023](#)? Simply head to the attendance page of our website today to **get the best science at the best rates!** Important note: In some countries case-processing time for (Schengen) visa applications takes long. Please make sure to apply for a visa well ahead of time.

Your time to shine is just around the corner! Step onto our global stage and let your science speak for itself. [Submit your late breaking abstract](#) from **August 7 – September 4, 2023**.
